A communication was received from the IAAO President indicating that he is able to make several visits this year to various affiliate organizations of IAAO such as Mid-Michigan Assessors Association. President Falkenberg will be in touch with the President.

Julie Pulling distributed a listing of MMAA Presidents from 1957 through 2007 and asked for help identifying the presidents that were missing from the list: 1995 – 1998 (between Deborah Ring-1994 and Judy LaFave-1999).

Julie Pulling also distributed an updated MMAA Board member contact listing.

There was discussion with regard to MMAA event dates, notices of meetings, etc. being intermittently posted on the MAA website. President Falkenberg and Board Member Vandermark will be contacting Ted Droste, the editor of Michigan Assessor magazine to discuss web issues.

There was further discussion with regard to the website, whether to investigate having Mid-Michigan Assessors Association contract with a firm to establish a website or to stay with the Michigan Assessors Association. It was suggested that IT Right, who is associated with BS&A, should be contacted with regard to their website business, possibly being of assistance to MMAA and a website.

Board members who had previously forgotten to eat ordered lunch. It was later reported that some of them were seen on various Western Michigan roads the next day.

Meeting adjourned at 1:55pm.
